

Vibrant Optimism in the Nation's Capital

From day to night and at every moment in between, The Morrow provides guests with thoughtful opportunities to connect with our signature sense of energy and positivity. The preeminent lifestyle hotel in Northeast D.C. for business, group and leisure travelers, we are located in the center of NoMa's bustling 3rd Street District, mere blocks from Union Market and only minutes from nearby Amtrak and Metro stations, perfectly positioning our guests to enjoy all that D.C. has to offer.

Situated on the site of the former Central Armature Works, we are deeply rooted in D.C.'s history with a distinctly modern vision that embraces the dynamic, industrious and artful NoMa community that surrounds us. The Morrow infuses local spirit through thoughtful details, curated partnerships and special programming designed exclusively for our guests. Our carefully considered offerings, coupled with our radiant design and inspired service, culminates in a stay that is characterized by intuitive ease and delightful discovery.

This is a place where energized guests, dynamic experiences, and attentive staff come together to make the most of every day. Driven by a sense of wellness and community, we inspire our guests with a renewed perspective, encouraging them to radiate their own optimism.
